MEMORANDUM FOR THE RECORD

SUBJECT: DCID 1/19

It is recognized that, with the advent of E.O. 12065's effective date, work on the rewrite/update of DCID 1/19 should have been initiated. However, based on the momentum and lead role of the Walsh Working Group in the compartmentation arena, the DCI has said he feels updating of this and other DCID's should be deferred until late spring/early summer 1979 when we should have a clear idea of the future flavor of SCI and its handling requirements.
